Director: Phillip Kim ⇔ **Designer:** Anais Becker

Initial Meeting Note:

Visual Theme:
Black and white, graphic, geometric, contrasty

Multi-Page website:
- Home & Intro
- History & personal life
- Publications
- Philosophical views

Navigation bar:
A side navbar for a web page would be pretty interesting to see, making the site seem more interactive and giving it an interesting feel. It might also be worth trying out a top navigations since that is pretty typically used.

Some notes:
We talked about styling the site similar to how his books were styled, giving the site a very cohesive look to his writing. Using large text with bookish fonts will give it a philisophical feel.
